

**Coos County Area Transportation District Route Refinements
Pirate*Charleston*Roseburg**

Coos County Area Transportation District frequently reviews fixed routes in efforts to ensure the routes are able to maintain published schedules and to ensure the most efficient route service is made available to the riding public.

Background: The fixed routes were put into place during COVID-19 when traffic and ridership were greatly reduced. A full review of the services provisioned and schedules will be necessary and will take place between January 2022 and May 2022 with a Public Hearing in June 2022. In the meantime, for the safety and efficiency the following route refinements are recommended.

Description of Changes

PIRATE ROUTE

[Link to Existing Route Schedule](#) [Link to Existing Route Map](#)

The existing Pirate Route has 22 stops in an hour. The bus is required to come to a full stop at each location. It is feasibly impossible to be on-time and maintain the published scheduled as it currently exists. The Medical Circuit: Alder Acres, NBMC, BA Hospital and Waterfall Clinic are in the schedule twice. It is recommended that the first circuit be reflected as a deviation and may be requested up to one hour in advance.

Proposed Pirate Route with Refinements

ROSEBURG ROUTE

[Link to Existing Route Schedule](#)

[Link to Existing Route Map](#)

The existing Roseburg Intercity Route has 18 stops in a 2.75 hours. The bus is required to come to a full stop at each location. It is recommended that the redundant Lane St. downtown stop be removed from the schedule. In addition, due to the recently added traffic barriers the Roberts Creek stop is recommended to be moved to Ray's Grocery.
