a. **Resolution 26-2 Adopting A Zero Emission Fleet Transition Plan**

**Background:** FTA requires agencies to have a zero-emission fleet transition plan to apply for 5339 grant funds. ODOT mandates these same plans to align with state environmental goals and executive directives such as EO 17-21 and EO 20-04 directing state agencies to accelerate the adoption of zero-emission vehicles to meet Oregon's goal of reducing GHG emissions.

CCATD had a fleet transition plan dated April of 2024 and it was in need of updates. An adopted zero emissions fleet plan is required for submission of grant applications on April 3, 2026 for the current vehicle funding cycle.
